## ADA NORMAL BILL COMES UP TODAY

CALLS FOR MORE THAN \$55,000  
FOR MAINTENANCE AND  
EQUIPMENT.

## PROSPECTS BRIGHT FOR BILL

Is Expected to Pass by Large Majority Without Amendment—May Not Reach House Until Tomorrow.

Evening News Special.

Guthrie, Okla., Mar. 15.—The East Central Normal appropriation bill for maintenance and equipment, amounting to something over \$55,000, is on the house calendar to be called up today. While it is possible, it is not probable that the house will reach the bill until tomorrow. There is entire confidence that the bill will pass by a large majority, without amendment.

The above dispatch comes as glad news to the people of Ada who have been anxiously awaiting such information ever since the legislature has been in session. Everybody is confident that the bill will pass because it should pass and this dispatch will create much encouragement.

The passage of the bill will mean that Ada will have the leading normal of the state and that the summer normal will be one of the largest in point of attendance, as a thousand teachers are expected to be present.

PAULHAN IN DARING FLIGHT.

Wilbur Wright Watches Journey Looking for Infringements.

New York, March 15.—In a cross, choppy wind of about twenty miles an hour, which caught his biplane at the start and tipped it from side to side like a boat in a roiling sea, Louis Paulhan, the French aviator, made a daring flight at the Jamaica Long Island race track this afternoon. He was in the air for eight minutes and ten seconds, and covered about six miles.

Unlike his previous flights here, in which he confined his course to a circuit of the enclosed race track, Paulhan headed the big Farman biplane into the wind today, and flew straight out over the countryside toward Far Rockaway and the ocean, making a graceful turn in the distance, and coming back with the wind at a mad speed. Returning, he soared over the grandstand, missing its flag pole by only a few feet, and landed in the enclosure with 100 feet of the starting point.

Wilbur Wright, as he has done daily heretofore, attended the exhibition with his attorney, and closely watched the flight with an eye to getting evidence to show that Paulhan's biplane is an infringement of the Wright patents.

Paulhan may attempt to fly to New York, thirteen miles away, some day this week if the weather conditions are right.

SCION OF WEALTH ARRESTED.

Sidney Hoeninghouse Charged With Passing Worthless Checks.

Chicago, March 15.—Sidney Hoeninghouse, 34 years old, said to be the son of a retired dry goods merchant of New York, was arrested today charged with passing of worthless checks. He was accompanied by a woman who was taken into custody. The woman gave the name of Ella Sobieske and said she was a member of a Polish noble family. The man is said by the police to have confessed to having passed bogus checks in many large cities.

BOER WAR VETERAN DEAD.

Oklahoma City, Ok., March 15.—G. B. Nelson, the only veteran of the Boer War living in Oklahoma, died at his home here today of rheumatism aged 57. He was one of the few survivors of the Spionkop attack in which nearly all the Britishers were killed outright.

## HAS PLENTY MON, BUT GOES TO JAIL

SPECTACLE AGENT FINED FOR  
SELLING GOODS MINUS A  
LICENSE.

REFUSED TO PAY THE FINE

Company Has Advised Him to Institute Damage Suit Against City.  
Had Nearly \$700 When Arrested.

A man went to jail in Ada yesterday afternoon because he wanted to. He was H. V. Hulprich, a traveling spectacle agent who arrived in the city yesterday and began offering his wares for sale here, there and yonder on the streets.

Chief of Police Culver arrested him for violating a city ordinance—selling goods without a license—and he stood trial. The police judge fined him \$5 and costs which amounted to \$12.50.

Wouldn't Do Anything.

Hulprich refused to pay the fine, make bond or do anything else. Such action on his part caused him to go to jail and he says he will institute a damage suit against the city for false imprisonment. He says the firm he is working for has advised him to "employ the best lawyer and enter suit at once." The reason he refused to pay the fine was because he wants to get a whack at the city officials, he asserts. He evidently "has it in" for them and wants to get even.

Has Some Coin.

Hulprich isn't exactly a poor man. If lots of fellows had the filthy lucre that he has they would consider themselves "right well off." This conclusion is reached when it is known that he had \$564.06 in his clothes when arrested. Maybe that is just pocket change and that he has more where that came from.

Sold Magazines, Too.

"Specks" wasn't the only thing that Hulprich sold. He sold a farm journal and his way of doing business is said to be something like this: He would offer the spectacles and a year's subscription to the farm journal for one dollar. Chief of Police Culver investigated the value of the glasses and says they are worth not more than 85 cents a dozen.

Hulprich represents the Warren-Judd-Co. of Chicago.  
The fight of the salesman and the

city will be interesting to watch when they lock horns, as the former is expected to try his best to get some wampum from the city for damages received while penned in the city jail.

DIPPED THROUGH HOLE IN ICE.

Unique Baptismal Ceremony Took Place in Lake Erie.

Cleveland, O., March 15.—A unique baptismal ceremony was carried out here today when M. B. Granpy, a convert to the church of the Living God, a Hungarian sect, was led to the lake shore, and, a hole having been broken in the ice, was immersed in the freezing water.

About 3,000 enthusiasts stood on the shore and prayed and sang as the convert, accompanied by a church elder, stepped out on the ice, and in company with his sponsor plunged into the water. The weather was bitterly cold and a piercing gale of wind was blowing.

DEMONSTRATORS AT TULSA.

Tulsa, Ok., March 15.—The government's demonstrators of agriculture in Oklahoma, eighteen in number, met in convention here today. With them met Bradford Knapp, Assistant Secretary of the Interior; W. D. Bentley of Yukon, Ok., State Agent of Agriculture, and Prof. W. L. English of Oklahoma City. Every man present reported an agricultural uplift in his jurisdiction, and it was stated that

Oklahoma, particularly the Indian Territory side, is making vast strides forward in the farming, skilled farmers are taking hold of the land, and an increase of 33 1-3 in acreage of all products over last year in eastern Oklahoma was reported. With the use of better seed and farming methods bumper crops were predicted.

### ARE FRIENDLY TO GERMANS.

Prince Henry Tells of His Visit to  
Great Britain.

Hamburg, March 15.—Addressing  
the East Asiatic society last evening,  
Prince Henry of Prussia said that as  
a result of his visit to England he  
could assure them that Great Bri-  
tain offered to Germany an honorable  
and sincere friendship. The idea of  
aggressive action, he added, was com-  
pletely absent from the minds of  
those in the British government.

Prince Henry invited the society to  
give its warm support to the project-  
ed company, organized to build at  
Hamburg an airship dock which will  
accommodate at least two of the Zepp-  
pelin dirigibles, at a cost of \$250,000  
and make Hamburg the first point of  
departure for over sea airship lines.

## FEE AND SALARY BILL SHOWS SALARY REDUCTION

### SECTION 9, ARTICLE 9, GOES THROUGH SENATE.

Resolution Passed to Adjourn Legis-  
lature Wednesday, but is Laid  
Over.

Guthrie, Ok., March 15.—Under the  
agreed conference committee report  
on the fee and salary bill, which will  
go to both houses, there is a material  
reduction of salaries as shown in  
the bill passed by the house, and, in  
some instances, lower than the bill  
passed by the senate. The plan of  
payment has been changed to the  
straight salary basis, requiring that  
all fees be delivered to the county  
Treasurer, in lieu of which the of-  
ficer receives a pay voucher from the  
county every thirty days. As applied  
to the offices of county and district  
clerks, fees to be charged litigants  
are not as high as those permitted  
by the federal fee bill, but are slight-  
ly in excess of the territorial law.  
Fees charged by sheriffs and regis-  
ters of deeds remain practically the  
same as now in force.

In fixing the basis of pay, the con-  
ference committee held to the senate  
bill making the minimum salary ap-  
ply in counties of 10,000 population  
in which the district clerk, county  
clerk, register of deeds and county  
treasurer receive \$1,300 per year. The  
act then goes by steps of 1,000 popu-  
lation, allowing for these officers in  
counties between 13,000 and 20,000  
\$50 per year additional for each addi-  
tional 1,000; from 20,000 to 30,000  
population \$25 for each additional 1,000  
people; 30,000 to 40,000 \$20 for  
each additional 1,000, and under 60,000  
the salary is \$2,750 per year, which  
is the price named in the senate  
bill. In counties of over 60,000  
these officers receive a flat salary of  
\$3,000, which is the maximum allowed  
in the report.

#### Other Officers.

Sheriffs, County Attorneys and  
County Judges are grouped upon the  
same population basis, and increase  
per 1,000 population, the minimum  
salary being \$1,500 and the maxi-  
mum \$3,000, which follows the house  
bill. Judges of the superior courts  
receive a minimum salary of \$2,300  
and a maximum of \$3,000, according  
to population, while an excess of  
\$500 allowed the judge, is reduced  
in the conference committee report  
to the same salary allowed district  
Clerks.

In addition to his salary, the sher-  
iff will receive for expenses 25 per  
cent of the fees earned and collect-  
ed by him. The county is in no way  
responsible for this per cent in event  
the sheriff fails to collect. An office  
deputy is allowed at not to exceed  
\$1,200 a year. Other deputies may  
be employed, and will retain 75 per  
cent of the fees earned by them, the  
other 25 per cent going to the county  
treasury, and in addition to the  
per cent the counties will pay them  
25 per cent of fees accruing in fel-  
ony cases which can not be collected;  
no deputy may receive more than \$1-  
200 per year.

The district clerk is register of  
deeds in counties of less than 10,000  
people. The act creates the position  
of clerk of the county court, who is  
appointed by the judge and receives  
from \$900 to \$1,500 per year, accord-  
ing to population. County Attorney's  
fees on conviction in misdemeanor  
and felony cases are to be charged  
as costs in the case, and remitted to  
the salary fund of the county, which  
will make this office self-sustaining.  
It is estimated the bill will save the  
taxpayers between \$250,000 and \$300-  
000 annually.

#### Railway Matter Reconsidered.

The senate joint resolution submit-  
ting to a vote of the people an amend-  
ment to Section 9 of Article 9 of the  
constitution went through the senate  
today by a vote of 23 to 16. The ac-  
tion of Saturday, Killing the resolu-  
tion was reconsidered by a vivi voce  
vote, and without debate the measure  
placed on final passage. One or two  
democrats voted with the republicans.  
The roll call was as follows:

For the Amendment: Beeler, Blair,  
Brownlee, Chapman, Cunningham,  
Curd, Davis, Denton, Eggerman,  
Goulding, Keys, Landrum, Mitchell,  
Morris, Redwine, Roddie, Smith, Staf-  
ford, Stewart, Thomas, Updegraff,  
Warren, Wynne.

Against the amendment: Allen, Bill  
ups, Cloonon, Colville, Cordell, Frank-  
lin, Graham, Hatchett, Newell, Rus-  
sell, Strain, Soldani, Sorrels, Tay-  
lor, Williams, Yeager.

Absent: Echols, Memminger, Moore  
Potter.

The senate also passed finally the  
Bryan general election bill, after de-  
feating a substitute bill offered by  
Senator Cunningham for the republic-  
an minority.

An amendment was adopted plac-  
ing at the polls four counters, no  
more than two of whom shall be of  
the same political party. They be-  
gin work not later than 1 p. m. and  
are required to take an oath that  
no information will be given the  
public regarding the vote until after

the polls close. The law returns to  
the emblem ballot law of the Oklaho-  
ma Territory and requires universal  
registration of voters throughout the  
state by precinct inspectors. State  
and county and precinct election  
boards are created, the state board  
to be appointed by the governor af-  
ter names are submitted by the two  
parties casting the highest number  
of votes in the last general elec-  
tion, but no more than a majority  
of the boards shall be of the same  
political party. Registration of voters  
is required before the primary in-  
stead of the general election.

The house recommended for pas-  
sage the senate bill fixing salaries  
in the farm loan and sales division  
of the state school land department  
which aggregate \$40,710 per year.  
The secretary of the general depart-  
ment receives \$3,300 per year, one-  
half of which is charged to the leas-  
ing division. He is required by the  
act to give a half million dollar bond  
the premium upon which the state  
pays, and bond is required from  
clerks of the department who handle  
money.

The bill proposes the same salaries  
as paid by the school land com-  
missioner before the recent supreme  
court decision was delivered which  
made the legislation necessary, and  
a few democrats and the republican  
minority made a series of unsuccess-  
ful attempts to lower them. The only  
time they scored was in lowering  
the salary of the auctioneer engaged  
for selling the school lands from \$1-  
800 to \$1,500 per year and in elimi-  
nating the stenographer position at a  
salary of \$900 from the sales divi-  
sions. The emergency was defeated.

Final passage was obtained in the  
House upon the Ireton bill requiring  
that annual district school meetings  
be held between 2 and 6 p. m. and  
requiring county clerks to furnish  
boards with assessed value of the dis-  
trict property.

The house agricultural committee  
reported on the resolution offered by  
a republican member some time ago  
for investigation of disbursement of  
the \$10,000 appropriated at the regu-  
lar session for relief of cyclone suf-  
ferers in the Panhandle strip, show-  
ing that the disbursement had been  
satisfactory and that the board's ac-  
counts were correct.

The senate passed finally the bill  
by Wortman and Strain for appoint-  
ment of special County Judges in the  
absence of the regular; the Ewell and  
Durant bill transferring \$7,500 of the  
1911 appropriation for the Durant  
Normal to the fund for 1910; the Du-  
rant bill appropriating \$7,176.33 to  
reimburse the state game warden for

money advanced by that department,  
and the Cordell-Japp bill appropriat-  
ing \$6,393.77 to cover services of the  
state national guard in the Snake In-  
dian war.

The house passed a concurrent res-  
olution by Mr. Tucker adjourning the  
legislature sine die at noon next  
Wednesday, and when read in the  
senate was laid over until today.

## CONDITIONS SAME IN PHILA

Street Car Men and Employees Get  
Together, But no Change in  
Situation.

Philadelphia, March 15.—The first  
step taken by the Philadelphia Rapid  
Transit company toward settling the  
dispute with its striking employes  
and incidentally the ending of the  
sympathetic strike which has now  
been in progress ten days, was taken  
late today, when President Kruger  
of the Rapid Transit company con-  
ferred with W. D. Mahon, president  
of the Amalgamated Association of  
Street and Electric Railway Employees.  
This conference was the result of  
outside influences, and it is the first  
time officials of the company have  
dealt directly with any national of-  
ficer of the street car men's union.

After the conference a meeting of  
the company's directors was hastily  
called which was in session until  
a late hour tonight. It was an-  
nounced no statement would be is-  
sued until tomorrow morning.

The conference was held in the of-  
fice of George H. Earle, one of the  
city's representatives on the com-  
pany's board of directors. Mr. Earle  
and a subcommittee of the general  
committee in charge of the sympathe-  
tic strike also were present.

When the conference was ended Mr.  
Earle said no plan of settlement was  
discussed, even tentatively, but the  
difficulty of a settlement was gone  
over. He and Mr. Gruenger said the  
company wanted to safe guard its  
loyal men and that there seemed to  
be too many for the positions that  
were vacant.

Mr. Earle insisted no immediate  
settlement was in sight and that no  
change in the situation had been  
made. President Mahon and others  
returned to strike headquarters where  
the reported results of the committee  
of ten.

The willingness of the transit com-  
pany to open negotiations with the  
men was said to have been the re-  
sult of the position taken by mem-  
bers of the stock exchange.

### THE REAL TEST

Of Herpicide is in Giving it a Thor-  
ough Trial.

There is only one test by which to  
judge of the efficiency of any article  
and that is by its ability to do that  
which it is intended to do. Many hair  
vigorizers may look nice and smell nice,  
but the point is—do they eradicate Dan-  
druft and stop falling hair?

No, they do not, but Herpicide does,  
because it goes to the root of the evil  
and kills the germ that attacks the  
papilla from whence the hair gets its  
life.

Letters from prominent people every-  
where are daily proving that Newbro's  
Herpicide stands the "test of use."

It is a delightful dressing, clear, pure  
and free from oil or grease.

## BIG DEAL ALMOST MADE BY THE COUNCIL LAST NIGHT

A FELLOW WANTS TO BUY THE OLD CALABOOSE.

City Dads Didn't Know Whether It Was a One-Story or a Two-Story Structure.

The city council last night had a chance to sell the old calaboose. Mr. Shelton was at the meeting, for the purpose of buying it and moving it to his place but he had not figured how much he could afford to give for it. He could look at the shack and tell about what he could give for it, but would have to see what it would cost to have it moved before he could make the council an offer. Mr. Shelton wanted the city fathers to put a price on the building but the mayor said he didn't suppose there was a member of the council that had any idea how much lumber there was in it or how big it was. The matter was turned over to a committee of three who have the power to sell the calaboose and in a few days the people of Ada may be startled by the report of a gigantic real estate deal taking place in the vicinity of the old calaboose.

## SUNRISE LATERAL SEWER BID REJECTED BY COUNCIL

\$500 ABOVE ENGINEER'S ESTIMATE.

Will Be Necessary to Advise Again—Pipe Line to Be Repaired.

The council last night rejected the bid entered for the construction of lateral sewers in Sunrise addition, it being about \$500 above the engineer's estimate. This makes it necessary to re-advertise for bids.

The water superintendent was instructed to put the pipe line to Sandy creek in condition.

Somebody on Fourth street complained that the alley between Fourth and Fifth streets from Johnson avenue east is filled up. The matter was referred to the proper committee for adjustment.

The city engineer's report of work done on water works extension, totaling \$182.22, was adopted.

A bill of \$41.05 of H. C. Evans was approved.

### EXPOSURE CAUSES DEATH.

Mrs. Walling Dies at 9:30 This Morning—Contracted Cold While Attending Husband.

Mrs. Walling who for a short time has been living in the first house west of the city hall died this morning at 9:30. Death resulted from exposure to the weather while she was attending her husband who was injured several weeks ago by being covered by dirt while working in a ditch behind the steam ditcher. She was 40 years of age and leaves the husband and a little daughter to mourn her loss. Interment will be in Rosedale tomorrow morning.

### TAFT ATTENDS FUNERAL.

Chief Executive Goes to Pittsburg for Laughlin Obsequies.

Pittsburg, Pa., March 15.—President Taft today attended in this city the funeral of Mrs. Taft's brother-in-law, Thomas M. K. Laughlin, and left on an early train for Washington, where he is due to arrive at 8:25 o'clock tomorrow morning.

The circumstances of the president's visit to Pittsburg were perhaps the saddest that have ever confronted a chief executive of the United States. The tragic ending of Mr. Laughlin's life Friday morning, the gloomy day, with fitful falls of rain, the silent home on fashionable Woodlawn road the quiet ceremonies and the little procession of carriages to the Allegheny cemetery where the interment was made, all constituted a picture of mourning deeply impressive.

The funeral services were held at the residence at 3 o'clock this afternoon. Only the family and the close friends of the Laughlins were present. Mrs. Taft sent a large wreath of flowers from the White House conservatories. Representative and Mrs. Nicholas Longworth and friends from various sections of the country sent flowers and messages of sympathy.

Following the funeral the president, accompanied by Captain Archibald W. Butt, his military aide, went for a long automobile ride through the dismal rain.

## ADA HAD EASY TIME WINNING AT TECUMSEH

ENGAGED IN PRACTICE GAME THERE SATURDAY NIGHT.

Won Second Game From Tecumseh by Score of 15 to 4—Big Crowd Present.

What the normal basket ball team did to the Tecumseh high school team at that place Saturday night was a plenty. The score was 15 to 4. The Ada girls didn't think much about the game—just went over to the Pott. county town and beat 'em. This was the second game played with Tecumseh and the normal team walked off with both of them.

There was a large crowd at the Saturday night game and somehow another the Tecumsehs got the idea that they would win the game, but as stated above Ada had it won before its team left this city. That's all there was to it.

Several from here attended the game.

## WORLD ONE-THIRD CHRISTIAN.

Census of All Peoples of Globe Causes Surprise.

Washington, March 15.—In a census of the world recently published by the government statistical bureau at Stuttgart, Dr. Zeller, the director, who is one of the most eminent of statisticians, estimates that the population of the world is 1,544,510,000 of whom 534,940,000 are Christians, 300,000,000 are Confucians, 214,000,000 are Brahmins, 175,290,000 are Mohammedans, 121,000,000 are Buddhists, 10,860,000 are Jews and the remainder belong to other religious denominations or are pagans.

For the United States he accepts the figures of the census of 1903, which show that there are 34,282,543 church members in the United States, an increase of 13,664,236 since the census of 1890. The number of ministers in the United States in 1898 was 111,036. Now it is 165,725, an increase of 64,691, or more than 49 per cent within the eighteen years. There are now 213,049 houses of worship, an increase of 70,416, or a little more than 49 per cent. Therefore the net gain of the several denominations in the United States in

eighteen years has been 66 per cent in the number of communicants and 49 per cent in the number of ministers and houses of worship.

This does not seem to justify the statement so frequently made that the United States is losing its religion. More than one-third of the entire population is enrolled upon the books as communicants of the various religious denominations, and more than one-half the adult population.

# STRIKE OF 25,000 FIREMEN ORDERED

PRACTICALLY ALL OF WESTERN  
RAILROADS WILL BE  
AFFECTED.

## DECIDE ON EXACT HOUR TODAY

Railroads Now Say If Necessary They  
Will Appeal to Authorities at  
Washington to Prevent  
Strike.

Chicago, Ill., March 15.—At mid-  
night tonight W. S. Carter, president  
of the Brotherhood of Locomotive  
Firemen and Enginemen, announced  
that a strike of 25,000 firemen on  
practically all the Western railroads  
had been called.

Mr. Carter said the decision to  
strike had been reached at a meet-  
ing of forty-three members of the  
Western Federated board of the  
Brotherhood, each member represent-  
ing a Western railroad.

The exact hour at which the men  
are to walk out, he said, would be  
decided upon today, and every mem-  
ber of the union between Chicago and  
the Pacific coast would then be in-  
formed by telegraph when to quit  
work.

The railroads issued a statement  
declaring to prevent a strike they  
would, if necessary, appeal to the  
authorities at Washington.

"The strike has been called—that  
much is certain," said Mr. Carter. "It

means that not only 25,000 firemen,  
members of our union, will go out,  
but perhaps that many more employes  
will be thrown out in consequence.  
We gave our ultimatum to the rail-  
roads that the men had voted to  
strike and we were prepared to call  
one unless we were granted arbitra-  
tion of all questions in dispute. The  
railroads refused to arbitrate any-  
thing but the wage question.

"At midnight tonight we decided  
it was useless to further parley with  
the railroad managers. We adopted a  
resolution calling a strike. Owing to  
ateness of the hour and in or-  
der that the men would not go out in  
confusion, and not knowing the true  
state of affairs, we agreed to wait  
until tomorrow before telegraphing  
the order."

"Will the men quit work tomor-  
row?" Mr. Carter was asked.

"The men will quit work within  
twenty-four hours after the order is  
issued," he replied.

The controversy which has been  
under discussion for more than six  
weeks involves forty-seven railroads  
operating west, northwest and south-  
west of Chicago and embraces about  
150,000 miles of railroads.

It has previously been stated by  
both sides that if a strike was called  
it would tie up practically every  
freight and passenger train between  
Chicago and the Pacific Coast.

**Points in Dispute.**  
Points in dispute are:

Increase in wages demanded, which  
the union officials say would amount  
to about 12 1-2 per cent, but which  
the railroads assert would amount to  
22 1-2 per cent.

The right of the union in questions  
of representation when a fireman has

been promoted to an engineman or to  
another capacity over which another  
union claims jurisdiction.

Question of seniority of the pro-  
motion of new men over old-time em-  
ployes.

The railroad managers' committee,  
composed of ten of the general man-  
agers of Western roads and headed  
by W. C. Nixon, general manager of  
the St. Paul and San Francisco rail-  
road, already had agreed to submit  
the wage question to arbitration un-  
der the Erdman act, but had declin-  
ed to arbitrate the other two points  
in the ground that they were matters  
of official authority and discipline  
and could not be arbitrated.

To this attitude the union officials  
on Sunday sent what they called an  
"ultimatum" declaring that if all  
three points were not submitted to  
settlement by arbitration, a strike  
would be inevitable.

### CUPID IN CENTRAL OFFICES.

Very Few Telephone Operators Re-  
main Single Long.

Cordia, Kas., March 15.—Did you  
ever stop to think that a telephone  
girl does not remain single many  
months? As an advocate of Dan Cu-  
pid the central office holds the prize  
and dozens of weddings have resulted  
from the ranks of the Concordia tele-  
phone girls, says the Concordia  
Blade. Evidently the central girl  
makes a good wife, and who shall  
say whether the charm lies in her  
low, sweet voice, or with the patience  
she acquires with experience in any  
central office.

Certain it is that the telephone girl  
could get along with the meanest  
man who ever lived, in fact, she gets  
along with all the meanest men while  
at work in the exchange. But the  
men are not the mean ones when it  
comes to telephoning. There the wo-  
men are to blame and to the credit  
of the men it can be said that the  
experienced girls get the business  
boards, while the new girls get the  
visiting boards, which are very un-  
pleasant to handle.

Concordia has an exchange with 1-  
200 subscribers and the 15 young lad-  
ies who handle the business do it in  
a prompt and quiet manner. Any  
fair minded patron will acknowledge  
this. It's a queer fact, but the pub-  
lic will wait for half or three-quar-  
ters of an hour in a store for a  
clerk to wait on them, but two sec-  
onds to wait for central to answer  
them is a century. And the clerk  
waits upon one customer at a time  
while the central girls have 40 or 50  
to wait on at one time.

There are always applicants for  
positions in the telephone office for  
the work, while trying is not dis-  
agreeable, and when a girl reaches  
the top she is able to command good  
wages, without the expense and pre-  
liminary of bookkeepers. The begin-  
ners have the worst hours, and much  
of the night work and all the girls  
have some Sunday work. The people  
may say that the central girls ought  
to have Sunday for resting, but ev-  
erybody wants to use their phones  
on Sunday, even the preachers.

One girl in the Concordia exchange  
sits up all night and while the rush  
is over before the other girls leave  
the board, she is comparatively busy  
all night, and the rush work begins  
as early as 4 o'clock in the morn-  
ing. The farmers are the greatest  
talkers and do most of their talking  
between 4 and 6 in the morning, be-  
fore going to the field. The girls who  
attends to the farm lines is always  
kept busy at this time and later the  
town people begin their ordering for  
the day and the steady work is on  
until along in the afternoon, when  
there is a lull only to be followed  
by a mad rush between 5 and 7.

The women are the most inconsid-  
erate patrons of the telephone. They  
often use the telephone for visiting  
and two Concordia women who call  
each other every day, often talk for  
40 minutes without stopping. The  
business board, while hard to work,  
is considered the best board to  
handle and very seldom do the girls  
have trouble with the business men.

### MITCHELL FAVORS APPEAL.

Thinks Right Denied Union Labor in  
Recent Appeal.

New York, March 15.—John Mit-  
chell, former president of the United  
Mine Workers of America, is in fa-  
vor of an appeal to the Supreme  
Court in the matter of the perma-  
nent injunction granted to the Hit-  
chman Coal and Coke company of West  
Virginia. Speaking of the case last  
night, he said:

"That certainly is the most far-  
reaching decision yet handed down  
against labor. It is an old case and  
the temporary injunction formerly  
ran against me when I was president.  
Now I see it is made permanent  
against President Lewis, my succes-  
sor.

"Decisions like this are provoking,  
of course, and throw some light on  
the things which make it difficult for  
union labor men to seem always con-  
servative and calm and conciliatory  
in their actions. It attacks the right

to peaceful picketing and that right  
we believe well established in law.  
The appeal will be taken principally  
to demonstrate this point."

### MAKES WORK EASIER

How It Is Done

It's pretty hard to attend to duties  
With a constantly aching back;  
With annoyink urinary disorders.  
Doan's Kidney Pills make work  
easier.

They cure backache.  
They cure every kidney ill.

Charles Luther, Main St., Sulphur,  
Okla., says: "I can certainly recom-  
mend Doan's Kidney Pills, as I have  
used them with good results. Dur-  
ing the past fifteen years my work  
obliged me to be on my feet the  
greater part of the time and this  
strain finally weakened my kidneys.  
About a year ago I suffered from a  
constant, dull ache in my kidneys  
and loins, could not sleep well and  
was very nervous.

As I had often heard Doan's Kid-  
ney Pills highly spoken of, I decided  
to give them a trial and procured  
a box. The relief I received from  
their use within a week was re-  
markable and the contents of several  
boxes restored me to good health.  
Doan's Kidney Pills did more for  
me than I expected and I have since  
felt better in every way."

### Cause of Eczema Explained.

After years of debate medical au-  
thorities are now agreed that Eczema  
and other skin diseases are not seated  
in the blood, but are caused by  
myriads of microscopic animals  
gnawing the flesh just below the  
epidermis. The patient is perfectly  
healthy, it is only the skin that is  
diseased.

Hence, scien tists are now agreed  
that you must cure the sk'n through  
the skin. The medicine must be in  
liquid form in order to penetrate  
properly. And we can say with con-  
fidence that we have the true rem-  
edy for Eczema in our store.

The instant you wash with this  
soothing liquid you will find the itch  
relieved. We positively assure you  
of this. Will you try a bottle (at

## ADA NORMAL BILL COMES UP TODAY

CALLS FOR MORE THAN \$55,000  
FOR MAINTENANCE AND  
EQUIPMENT.

### PROSPECTS BRIGHT FOR BILL

Is Expected to Pass by Large Majority Without Amendment—May Not Reach House Until Tomorrow.

Evening News Special.

Guthrie, Okla., Mar. 15.—The East Central Normal appropriation bill for maintenance and equipment, amounting to something over \$55,000, is on the house calendar to be called up today. While it is possible, it is not probable that the house will reach the bill until tomorrow. There is entire confidence that the bill will pass by a large majority, without amendment.

The above dispatch comes as glad news to the people of Ada who have been anxiously awaiting such information ever since the legislature has been in session. Everybody is confident that the bill will pass because it should pass and this dispatch will create much encouragement.

The passage of the bill will mean that Ada will have the leading normal of the state and that the summer normal will be one of the largest in point of attendance, as a thousand teachers are expected to be present.

### PAULHAN IN DARING FLIGHT.

Wilbur Wright Watches Journey Looking for Infringements.

New York, March 15.—In a cross, choppy wind of about twenty miles an hour, which caught his plane at the start and tipped it from side to side like a boat in a roiling sea, Louis Paulhan, the French aviator, made a daring flight at the Jamaica Long Island race track this afternoon. He was in the air for eight minutes and ten seconds, and covered about six miles.

Unlike his previous flights here, in which he confined his course to a circuit of the enclosed race track, Paulhan headed the big Farman biplane into the wind today, and flew straight out over the countryside toward Far Rockaway and the ocean, making a graceful turn in the distance, and coming back with the wind at a mad speed. Returning, he soared over the grandstand, missing its flag pole by only a few feet, and landed in the enclosure with 100 feet of the starting point.

Wilbur Wright, as he has done daily heretofore, attended the exhibition with his attorney, and closely watched the flight with an eye to getting evidence to show that Paulhan's biplane is an infringement of the Wright patents.

Paulhan may attempt to fly to New York, thirteen miles away, some day this week if the weather conditions are right.

### SCION OF WEALTH ARRESTED.

Sidney Hoeninghouse Charged With Passing Worthless Checks.

Chicago, March 15.—Sidney Hoeninghouse, 34 years old, said to be the son of a retired dry goods merchant of New York, was arrested today charged with passing of worthless checks. He was accompanied by a woman who was taken into custody. The woman gave the name of Ella Sobieske and said she was a member of a Polish noble family. The man is said by the police to have confessed to having passed bogus checks in many large cities.

## HAS PLENTY MON, BUT GOES TO JAIL

SPECTACLE AGENT FINED FOR  
SELLING GOODS MINUS A  
LICENSE.

### REFUSED TO PAY THE FINE

Company Has Advised Him to Institute Damage Suit Against City. Had Nearly \$700 When Arrested.

A man went to jail in Ada yesterday afternoon because he wanted to. He was H. V. Huprich, a traveling spectacle agent who arrived in the city yesterday and began offering his wares for sale here, there and yonder on the streets.

Chief of Police Culver arrested him for violating a city ordinance—selling goods without a license—and he stood trial. The police judge fined him \$5 and costs which amounted to \$12.50.

### Wouldn't Do Anything.

Huprich refused to pay the fine, make bond or do anything else. Such action on his part caused him to go to jail and he says he will institute a damage suit against the city for false imprisonment. He says the firm he is working for has advised him to "employ the best lawyer and enter suit at once." The reason he refused to pay the fine was because he wants to get a whack at the city officials, he asserts. He evidently "has it in" for them and wants to get even.

### Has Some Coin.

Huprich isn't exactly a poor man. If lots of fellows had the filthy lucre that he has they would consider themselves "right well off." This conclusion is reached when it is known that he had \$564.06 in his clothes when arrested. Maybe that is just pocket change and that he has more where that came from.

### Sold Magazines, Too.

"Specks" wasn't the only thing that Huprich sold. He sold a farm journal and his way of doing business is said to be something like this: He would offer the spectacles and a year's subscription to the farm journal for one dollar. Chief of Police Culver investigated the value of the glasses and says they are worth not more than 85 cents a dozen.

Huprich represents the Warren-Judd Co. of Chicago. The fight of the salesman and the

city will be interesting to watch when they lock horns, as the former is expected to try his best to get some wampum from the city for damages received while penned in the city jail.

### DIPPED THROUGH HOLE IN ICE.

Unique Baptismal Ceremony Took Place In Lake Erie.

Cleveland, O., March 15.—A unique baptismal ceremony was carried out here today when M. B. Granpy, a convert to the church of the Living God, a Hungarian sect, was led to the lake shore, and, a hole having been broken in the ice, was immersed in the freezing water.

About 3,000 enthusiasts stood on the shore and prayed and sang as the convert, accompanied by a church elder, stepped out on the ice, and in company with his sponsor plunged into the water. The weather was bitterly cold and a piercing gale of wind was blowing.

### DEMONSTRATORS AT TULSA.

Tulsa, Ok., March 15.—The government's demonstrators of agriculture in Oklahoma, eighteen in number, met in convention here today. With them met Bradford Knapp, Assistant Secretary of the Interior; W. D. Bentley of Yukon, Ok., State Agent of Agriculture, and Prof. W. L. English of Oklahoma City. Every man present reported an agricultural uplift in his jurisdiction, and it was stated that

Oklahoma, particularly the Indian Territory side, is making vast strides forward in the farming, skilled farmers are taking hold of the land, and an increase of 33 1-3 in acreage of all products over last year in eastern Oklahoma was reported. With the use of better seed and farming methods bumper crops were predicted.

### ARE FRIENDLY TO GERMANS.

Prince Henry Tells of His Visit to  
Great Britain.

Hamburg, March 15.—Addressing  
the East Asiatic society last evening,  
Prince Henry of Prussia said that as  
a result of his visit to England he  
could assure them that Great Brit-  
ain offered to Germany an honorable  
and sincere friendship. The idea of  
aggressive action, he added, was com-  
pletely absent from the minds of  
those in the British government.  
Prince Henry invited the society to  
give its warm support to the projected  
company, organized to build at  
Hamburg an airship dock which will  
accommodate at least two of the Ze-  
ppelin dirigibles, at a cost of \$250,000  
and make Hamburg the first point of  
departure for over sea airship lines.

## FEE AND SALARY BILL SHOWS SALARY REDUCTION

SECTION 9, ARTICLE 9, GOES  
THROUGH SENATE.

Resolution Passed to Adjourn Legis-  
lature Wednesday, but Is Laid  
Over.

Guthrie, Ok., March 15.—Under the  
agreed conference committee report  
on the fee and salary bill, which will  
go to both houses, there is a material  
reduction of salaries as shown in  
the bill passed by the house, and in  
some instances, lower than the bill  
passed by the senate. The plan of  
payment has been changed to the  
straight salary basis, requiring that  
all fees be delivered to the county  
Treasurer, in lieu of which the of-  
ficer receives a pay voucher from the  
county every thirty days. As applied  
to the offices of county and district  
clerks, fees to be charged litigants  
are not as high as those permitted  
by the federal fee bill, but are slight-  
ly in excess of the territorial law.  
Fees charged by sheriffs and regis-  
ters of deeds remain practically the  
same as now in force.

In fixing the basis of pay, the con-  
ference committee held to the senate  
bill making the minimum salary ap-  
ply in counties of 10,000 population  
in which the district clerk, county  
clerk, register of deeds and county  
treasurer receive \$1,300 per year. The  
act then goes by steps of 1,000 popu-  
lation, allowing for these officers in  
counties between 13,000 and 20,000  
\$50 per year additional for each addi-  
tional 1,000; from 20,000 to 30,000  
population \$25 for each additional 1-  
000 people; 30,000 to 40,000 \$20 for  
each additional 1,000, and under 60-  
000 the salary is \$2,750 per year,  
which is the price named in the sen-  
ate bill. In counties of over 60,000  
these officers receive a flat salary of  
\$3,000, which is the maximum allow-  
ed in the report.

Other Officers.  
Sheriffs, County Attorneys and  
County Judges are grouped upon the  
same population basis, and increase  
per 1,000 population, the minimum  
salary being \$1,500 and the maxi-  
mum \$3,000, which follows the house  
bill. Judges of the superior courts  
receive a minimum salary of \$2,800  
and a maximum of \$3,000, according  
to population, while an excess of  
\$500 allowed the judge, is reduced  
in the conference committee report  
to the same salary allowed district  
clerks.

In addition to his salary, the sher-  
iff will receive for expenses 25 per  
cent of the fees earned and collect-  
ed by him. The county is in no way  
responsible for this per cent in event  
the sheriff fails to collect. An office  
deputy is, allowed at not to exceed  
\$1,200 a year. Other deputies may  
be employed, and will retain 75 per  
cent of the fees earned by them, the  
other 25 per cent going to the county  
treasurer, and in addition to the  
per cent the counties will pay them  
25 per cent of fees accruing in fel-  
ony cases which can not be collected;  
no deputy may receive more than \$1-  
200 per year.

The district clerk is register of  
deeds in counties of less than 10,000  
people. The act creates the position  
of clerk of the county court, who is  
appointed by the judge and receives  
from \$800 to \$1,500 per year, accord-  
ing to population. County Attorney's  
fees on conviction in misdemeanor  
and felony cases are to be charged  
as costs in the case, and remitted to  
the salary fund of the county, which  
will make this office self-sustaining.  
It is estimated the bill will save the  
taxpayers between \$250,000 and \$300-  
000 annually.

### Railway Matter Reconsidered.

The senate joint resolution submit-  
ting to a vote of the people an amend-  
ment to Section 9 of Article 9 of the  
constitution went through the senate  
today by a vote of 23 to 16. The ac-  
tion of Saturday, killing the resolu-  
tion was reconsidered by a vivi voce  
vote, and without debate the measure  
passed on final passage. One or two  
democrats voted with the republicans.  
The roll call was as follows:

For the Amendment: Beeler, Blair,  
Brownlee, Chapman, Cunningham,  
Curd, Davis, Denton, Eggerman,  
Goulding, Keys, Landrum, Mitchell,  
Morris, Redwine, Roddie, Smith, Staf-  
ford, Stewart, Thomas, Updegraff,  
Warren, Wynne.

Against the amendment: Allen, Bill-  
ups, Cloonan, Colville, Cordell, Frank-  
lin, Graham, Hatchett, Newell, Rus-  
sell, Strain, Soldani, Sorrels, Tay-  
lor, Williams, Yeager.

Absent: Echols, Memminger, Moore  
Potter.

The senate also passed finally the  
Bryan general election bill, after de-  
feating a substitute bill offered by  
Senator Cunningham for the republi-  
can minority.

An amendment was adopted plac-  
ing at the polls four counties, no  
more than two of whom shall be of  
the same political party. They be-  
gin work not later than 1 p. m. and  
are required to take an oath that  
no information will be given the  
public regarding the vote until after

the polls close. The law returns to  
the emblem ballot law of the Oklaho-  
ma Territory and requires universal  
registration of voters throughout the  
state by precinct inspectors. State  
and county and precinct election  
boards are created; the state board  
to be appointed by the governor after  
names are submitted by the two  
parties casting the highest number  
of votes in the last general elec-  
tion, but no more than a majority  
of the boards shall be of the same  
political party. Registration of voters  
is required before the primary in-  
stead of the general election.

The house recommended for pas-  
sage the senate bill fixing salaries  
in the farm loan and sales division  
of the state school land department  
which aggregate \$40,710 per year.  
The secretary of the general depart-  
ment receives \$3,300 per year, one-  
half of which is charged to the leas-  
ing division. He is required by the  
act to give a half million dollar bond  
the premium upon which the state  
pays, and bond is required from  
clerks of the department who handle  
money.

The bill proposes the same salar-  
ies as paid by the school land com-  
missioner before the recent supreme  
court decision was delivered which  
made the legislation necessary, and  
a few democrats and the republican  
minority made a series of unsuccess-  
ful attempts to lower them. The only  
time they scored was in lowering  
the salary of the auctioneer engaged  
for selling the school lands from \$1-  
800 to \$1,500 per year and in elimi-  
nating the stenographer position at a  
salary of \$800 from the sales divi-  
sions. The emergency was defeated.

Final passage was obtained in the  
House upon the treston bill requiring  
that annual district school meetings  
be held between 2 and 6 p. m. and  
requiring county clerks to furnish  
boards with assessed value of the dis-  
trict property.

The house agricultural committee  
reported on the resolution offered by  
a republican member some time ago  
for investigation of disbursement of  
the \$10,000 appropriated at the regu-  
lar session for relief of cyclone suf-  
ferers in the Oklahoma strip, show-  
ing that the disbursement had been  
satisfactory and that the board's ac-  
counts were correct.

The senate passed finally the bill  
by Wortman and Strain for appoint-  
ment of special County Judges in ab-  
sence of the regular; the Ewell and  
Durant bill transferring \$7,500 of the  
1911 appropriation for the Durant  
Normal to the fund for 1910; the Du-  
rant bill appropriating \$7,176.33 to  
reimburse the state game warden for

money advanced by that department,  
and the Cordell-Japp bill appropriat-  
ing \$6,893.77 to cover services of the  
state national guard in the Snake In-  
dian war.

The house passed a concurrent res-  
olution by Mr. Tucker adjourning the  
legislature sine die at noon next  
Wednesday, and when read in the  
senate was laid over until today.

## CONDITIONS SAME IN PHILA

Street Car Men and Employees Get  
Together, But no Change in  
Situation.

Philadelphia, March 15.—The first  
step taken by the Philadelphia Rapid  
Transit company toward settling the  
dispute with its striking employees  
and incidentally the ending of the  
sympathetic strike which has now  
been in progress ten days, was taken  
late today, when President Kruger  
of the Rapid Transit company con-  
ferred with W. D. Mahon, president  
of the Amalgamated Association of  
Street and Electric Railway Employees.  
This conference was the result of  
outside influences, and it is the first  
time officials of the company have  
dealt directly with any national of-  
ficer of the street car men's union.

After the conference a meeting of  
the company's directors was hastily  
called which was in session until  
a late hour tonight. It was an-  
nounced no statement would be is-  
sued until tomorrow morning.

The conference was held in the of-  
fice of George H. Earle, one of the  
city's representatives on the com-  
pany's board of directors. Mr. Earle  
and a subcommittee of the general  
committee in charge of the sympathe-  
tic strike also were present.

When the conference was ended Mr.  
Earle said no plan of settlement was  
discussed, even tentatively, but the  
difficulty of a settlement was gone  
over. He and Mr. Grueger said the  
company wanted to safe guard its  
loyal men and that there seemed to  
be too many for the positions that  
were vacant.

Mr. Earle insisted no immediate  
settlement was in sight and that no  
change in the situation had been  
made. President Mahon and others  
returned to strike headquarters where  
the reported results of the committee  
of ten.

The willingness of the transit com-  
pany to open negotiations with the  
men was said to have been the re-  
sult of the position taken by mem-  
bers of the stock exchange.

### THE REAL TEST

Of Herpicide Is In Giving It a Thorough Trial.

There is only one test by which to  
judge of the efficiency of any article  
and that is by its ability to do that  
which it is intended to do. Many hair  
vigor may look nice and smell nice,  
but the point is—do they eradicate Dan-  
druff and stop falling hair?

No, they do not, but Herpicide does,  
because it goes to the root of the evil  
and kills the germ that attacks the  
papilla from whence the hair gets its  
life.

Letters from prominent people every-  
where are daily proving that Newbro's  
Herpicide stands the "test of use."

It is a delightful dressing, clear, pure  
and free from oil or grease.

Sold by leading druggists. Send 10c. in  
stamps for sample to The Herpicide Co.,

## THE COUNCIL LAST NIGHT

A FELLOW WANTS TO BUY THE OLD CALABOOSE.

City Dads Didn't Know Whether It Was a One-Story or a Two-Story Structure.

The city council last night had a chance to sell the old calaboose Mr Shelton was at the meeting, for the purpose of buying it and moving it to his place but he had not figured how much he could afford to give for it He could look at the shack and tell about what he could give for it but would have to see what it would cost to have it moved before he could make the council an offer Mr Shelton wanted the city fathers to put a price on the building but the mayor said he didn't suppose there was a member of the council that had any idea how much lumber there was in it or how big it was The matter was turned over to a committee of three who have the power to sell the calaboose and in a few days the people of Ada may be startled by the report of a gigantic real estate deal taking place in the vicinity of the old calaboose

## TAFT ATTENDS FUNERAL.

Chief Executive Goes to Pittsburg for Laughlin Obsequies.

Pittsburg, Pa., March 15—President Taft today attended in this city the funeral of Mrs Taft's brother-in-law, Thomas M. Laughlin, and left on an early night train for Washington, where he is due to arrive at 8:25 o'clock tomorrow morning

The circumstances of the president's visit to Pittsburg were perhaps the saddest that have ever confronted a chief executive of the United States The tragic ending of Mr Laughlin's life Friday morning, the gloomy day with fitful falls of rain, the silent home on fashionable Woodlawn road the quiet ceremonies and the little procession of carriages to the Allegheny cemetery where the interment was made, all constituted a picture of mourning deeply impressive

The funeral services were held at the residence at 3 o'clock this afternoon Only the family and the close friends of the Laughlins were present Mrs Taft sent a large wreath of flowers from the White House conservatories Representative and Mrs Nicholas Longworth and friends from various sections of the country sent flowers and messages of sympathy

Following the funeral the president, accompanied by Captain Archibald W Butt, his military aide, went for a long automobile ride through the dismal rain

ENGAGED IN PRACTICE GAME THERE SATURDAY NIGHT.

Won Second Game From Tecumseh by Score of 16 to 4—Big Crowd Present.

What the normal basket ball team did to the Tecumseh high school team at that place Saturday night was a plenty The score was 15 to 4 The Ada girls didn't think much about the game—just went over to the Pott county town and beat 'em This was the second game played with Tecumseh and the normal team walked off with both of them

There was a large crowd at the Saturday night game and somehow another the Tecumsehs got the idea that they would win the game, but as stated above Ada had it won before its team left this city That's all there was to it

Several from here attended the game

## WORLD ONE-THIRD CHRISTIAN.

Census of All Peoples of Globe Causes Surprise.

Washington, March 15—In a census of the world recently published by the government statistical bureau at Stuttgart, Dr Zeller, the director, who is one of the most eminent of statisticians estimates that the population of the world is 1,544,510,000 of whom 534,940,000 are Christians, 300,000,000 are Confucians, 214,000,000 are Brahmins, 175,290,000 are Mohammedans, 121,000,000 are Buddhists, 10,860,000 are Jews and the remainder belong to other religious denominations or are pagans

For the United States he accepts the figures of the census of 1908, which show that there are 34,282,543 church members in the United States, an increase of 13,664,236 since the census of 1890 The number of ministers in the United States in 1908 was 111,086 Now it is 165,725, an increase of 64,639, or more than 49 per cent within the eighteen years. There are now 212,049 houses of worship, an increase of 70,416, or a little more than 49 per cent Therefore the net gain of the several denominations in the United States in innocence

eighteen years has been 66 per cent in the number of communicants and 49 per cent in the number of ministers and houses of worship

This does not seem to justify the statement so frequently made that the United States is losing its religion More than one-third of the entire population is enrolled upon the books as communicants of the various religious denominations, and more than one-half the adult population

## ADA NORMAL BILL COMES UP TODAY

CALLS FOR MORE THAN \$55,000  
FOR MAINTENANCE AND  
EQUIPMENT

### PROSPECTS BRIGHT FOR BILL

Is Expected to Pass by Large Majority  
Without Amendment—May  
Not Reach House Until  
Tomorrow.

Evening News Special.

Guthrie, Okla., Mar. 15.—The East Central Normal appropriation bill for maintenance and equipment, amounting to something over \$55,000, is on the house calendar to be called up today. While it is possible, it is not probable that the house will reach the bill until tomorrow. There is entire confidence that the bill will pass by a large majority, without amendment.

The above dispatch comes as glad news to the people of Ada who have been anxiously awaiting such information ever since the legislature has been in session. Everybody is confident that the bill will pass because it should pass and this dispatch will create much encouragement.

The passage of the bill will mean that Ada will have the leading normal of the state and that the summer normal will be one of the largest in point of attendance, as a thousand teachers are expected to be present.

### PAULHAN IN DARING FLIGHT.

Wilbur Wright Watches Journey  
Looking for Intrigues.

New York, March 15.—In a cross choppy wind of about twenty miles an hour, which caught his biplane at the start and tipped it from side to side like a boat in a roiling sea, Louis Paulhan, the French aviator, made a daring flight at the Jamaica Long Island race track this afternoon. He was in the air for eight minutes and ten seconds, and covered about six miles.

Unlike his previous flights here, in which he confined his course to a circuit of the enclosed race track, Paulhan headed the big Farman biplane into the wind today, and flew straight out over the countryside toward Far Rockaway and the ocean, making a graceful turn in the distance, and coming back with the wind at a mad speed. Returning, he soared over the grandstand, missing its flag pole by only a few feet, and landed in the enclosure with 100 feet of the starting point.

Wilbur Wright, as he has done daily heretofore, attended the exhibition with his attorney, and closely watched the flight with an eye to getting evidence to show that Paulhan's biplane is an infringement of the Wright patents.

Paulhan may attempt to fly to New York, thirteen miles away, some day this week if the weather conditions are right.

### SCION OF WEALTH ARRESTED.

Sidney Hoeninghouse Charged With  
Passing Worthless Checks.

Chicago, March 15.—Sidney Hoeninghouse, 34 years old, said to be the son of a retired dry goods merchant of New York, was arrested today charged with passage of worthless checks. He was accompanied by a woman who was taken into custody. The woman gave the name of Ella Sobieske and said she was a member of a Polish noble family. The man is said by the police to have confessed to having passed bogus checks in many large cities.

### BOER WAR VETERAN DEAD.

## HAS PLENTY MON, BUT GOES TO JAIL

SPECTACLE AGENT FINED FOR  
SELLING GOODS MINUS A  
LICENSE.

### REFUSED TO PAY THE FINE

Company Has Advised Him to Institute  
Damage Suit Against City.  
Had Nearly \$700 When Arrested.

A man went to jail in Ada yesterday afternoon because he wanted to. He was H. V. Huprich, a traveling spectacle agent who arrived in the city yesterday and began offering his wares for sale here, there and yonder on the streets.

Chief of Police Culver arrested him for violating a city ordinance—selling goods without a license—and he stood trial. The police judge fined him \$5 and costs which amounted to \$12.50.

### Wouldn't Do Anything.

Huprich refused to pay the fine, make bond or do anything else. Such action on his part caused him to go to jail and he says he will institute a damage suit against the city for false imprisonment. He says the firm he is working for has advised him to "employ the best lawyer and enter suit at once." The reason he refused to pay the fine was because he wants to get a whack at the city officials, he asserts. He evidently "has it in" for them and wants to get even.

### Has Some Coin.

Huprich isn't exactly a poor man. If lots of fellows had the filthy lucre that he has they would consider themselves "right well off." This conclusion is reached when it is known that he had \$564.06 in his clothes when arrested. Maybe that is just pocket change and that he has more where that came from.

### Sold Magazines, Too.

"Specks" wasn't the only thing that Huprich sold. He sold a farm journal and his way of doing business is said to be something like this: He would offer the spectacles and a year's subscription to the farm journal for one dollar. Chief of Police Culver investigated the value of the glasses and says they are worth not more than 85 cents a dozen. Huprich represents the Warren-Judd Co. of Chicago.

The fight of the salesman and the

city will be interesting to watch when they lock horns, as the former is expected to try his best to get some wampum from the city for damages received while penned in the city jail.

### DIPPED THROUGH HOLE IN ICE.

Unique Baptismal Ceremony Took  
Place in Lake Erie.

Cleveland, O., March 15.—A unique baptismal ceremony was carried out here today when M. B. Granpy, a convert to the church of the Living God, a Hungarian sect, was led to the lake shore, and, a hole having been broken in the ice, was immersed in the freezing water.

About 3,000 enthusiasts stood on the shore and prayed and sang as the convert, accompanied by a church elder, stepped out on the ice, and in company with his sponsor plunged into the water. The weather was bitterly cold and a piercing gale of wind was blowing.

### DEMONSTRATORS AT TULSA.

Tulsa, Ok., March 15.—The government's demonstrators of agriculture in Oklahoma, eighteen in number, met in convention here today. With them met Bradford Knapp, Assistant Secretary of the Interior; W. D. Bentley of Yukon, Ok., State Agent of Agriculture, and Prof. W. L. English of Oklahoma City. Every man present reported an agricultural uplift in his jurisdiction, and it was stated that

Oklahoma, particularly the Indian Territory side, is making vast strides forward in the farming, skilled farmers are taking hold of the land, and an increase of 33 1-3 in acreage of all products over last year in eastern Oklahoma was reported. With the use of better seed and farming methods bumper crops were predicted.

### ARE FRIENDLY TO GERMANS.

Prince Henry Tells of His Visit to  
Great Britain.

Hamburg, March 15.—Addressing  
the East Asiatic society last evening,  
Prince Henry of Prussia said that as  
a result of his visit to England he  
could assure them that Great Bri-  
tain offered to Germany an honorable  
and sincere friendship. The idea of  
aggressive action, he added, was com-  
pletely absent from the minds of  
those in the British government.  
Prince Henry invited the society to  
give its warm support to the projected  
company, organized to build at  
Hamburg an airship dock which will  
accommodate at least two of the Zepp-  
pelin dirigibles, at a cost of \$250,000  
and make Hamburg the first point of  
departure for over sea airship lines.

## FEE AND SALARY BILL SHOWS SALARY REDUCTION

### SECTION 2, ARTICLE 9, GOES THROUGH SENATE.

Resolution Passed to Adjourn Legis-  
lature Wednesday, but is Laid  
Over.

Guthrie, Ok., March 15.—Under the  
agreed conference committee report  
on the fee and salary bill, which will  
go to both houses, there is a material  
reduction of salaries as shown in  
the bill passed by the house, and, in  
some instances, lower than the bill  
passed by the senate. The plan of  
payment has been changed to the  
straight salary basis, requiring that  
all fees be delivered to the county  
Treasurer, in lieu of which the of-  
ficer receives a pay voucher from the  
county every thirty days. As applied  
to the offices of county and district  
clerks, fees to be charged litigants  
are not as high as these permitted  
by the federal fee bill, but are slight-  
ly in excess of the territorial law.  
Fees charged by sheriffs and regis-  
ters of deeds remain practically the  
same as now in force.

In fixing the basis of pay, the con-  
ference committee held to the senate  
bill making the minimum salary ap-  
ply in counties of 10,000 population  
in which the district clerk, county  
clerk, register of deeds and county  
treasurer receive \$1,300 per year. The  
act then goes by steps of 1,000 popu-  
lation, allowing for these officers in  
counties between 13,000 and 20,000  
\$50 per year additional for each addi-  
tional 1,000; from 20,000 to 30,000  
population \$25 for each additional 1,000  
people; 30,000 to 40,000 \$20 for  
each additional 1,000, and under 60,000  
the salary is \$2,750 per year,  
which is the price named in the sen-  
ate bill. In counties of over 60,000  
these officers receive a flat salary of  
\$3,000, which is the maximum allow-  
ed in the report.

#### Other Officers.

Sheriffs, County Attorneys and  
County Judges are grouped upon the  
same population basis, and increase  
per 1,000 population, the minimum  
salary being \$1,500 and the maxi-  
mum \$3,000, which follows the house  
bill. Judges of the superior courts  
receive a minimum salary of \$2,800  
and a maximum of \$3,000, according  
to population, while an excess of  
\$500 allowed the judge, is reduced  
in the conference committee report  
to the same salary allowed district  
clerks.

In addition to his salary, the sher-  
iff will receive for expenses 25 per  
cent of the fees earned and collect-  
ed by him. The county is in no way  
responsible for this per cent in event  
the sheriff fails to collect. An office  
deputy is allowed at not to exceed  
\$1,200 a year. Other deputies may  
be employed, and will retain 75 per  
cent of the fees earned by them, the  
other 25 per cent going to the coun-  
ty treasury, and in addition to the  
per cent the counties will pay them  
25 per cent of fees accruing in fel-  
ony cases, which can not be collected;  
no deputy may receive more than \$1-  
200 per year.

The district clerk is register of  
deeds in counties of less than 10,000  
people. The act creates the position  
of clerk of the county court, who is  
appointed by the judge and receives  
from \$900 to \$1,500 per year, accord-  
ing to population. County Attorney's  
fees on conviction in misdemeanor  
and felony cases are to be charged  
as costs in the case, and remitted to  
the salary fund of the county, which  
will make this office self-sustaining.  
It is estimated the bill will save the  
taxpayers between \$250,000 and \$300-  
000 annually.

#### Railway Matter Reconsidered.

The senate joint resolution submit-  
ting to a vote of the people an amend-  
ment to Section 9 of Article 9 of the  
constitution went through the senate  
today by a vote of 22 to 16. The ac-  
tion of Saturday, killing the resolu-  
tion, was reconsidered, by a vivi voce  
vote, and without debate the measure  
passed on final passage. One or two  
democrats voted with the republicans.  
The roll call was as follows:

For the Amendment: Beeler, Blair,  
Brownlee, Chapman, Cunningham,  
Curd, Davis, Denton, Eggerman,  
Goulding, Keys, Landrum, Mitchell,  
Morris, Redwine, Roddie, Smith, Star-  
ford, Stewart, Thomas, Updegraff,  
Warren, Wynne.

Against the Amendment: Allen, Bill-  
ups, Cloonan, Colville, Cordell, Frank-  
lin, Graham, Hatchett, Newell, Rus-  
sell, Strain, Soldani, Sorrels, Tay-  
lor, Williams, Yeager.

Absent: Echols, Memminger, Moore  
Potter.

The senate also passed finally the  
Bryan general election bill, after de-  
feating a substitute bill offered by  
Senator Cunningham for the republi-  
can minority.

An amendment, was adopted plac-  
ing at the polls four counters, no  
more than two of whom shall be of  
the same political party. They be-  
gin work not later than 1 p. m. and  
are required to take an oath that  
no information will be given to the  
public regarding the vote until after

the polls close. The law returns to  
the emblem ballot law of the Oklaho-  
ma Territory and requires universal  
registration of voters throughout the  
state by precinct inspectors. State  
and county and precinct election  
boards are created; the state board  
to be appointed by the governor after  
names are submitted by the two  
parties casting the highest number  
of votes in the last general elec-  
tion, but no more than a majority  
of the boards shall be of the same  
political party. Registration of voters  
is required before the primary in-  
stead of the general election.

The house recommended for pas-  
sage the senate bill fixing salaries  
in the farm loan and sales division  
of the state school land department  
which aggregate \$40,710 per year.  
The secretary of the general depart-  
ment receives \$3,300 per year, one-  
half of which is charged to the leas-  
ing division. He is required by the  
act to give a half million dollar bond  
the premium upon which the state  
pays, and bond is required from  
clerks of the department who handle  
money.

The bill proposes the same salar-  
ies as paid by the school land com-  
missioner before the recent supreme  
court decision was delivered which  
made the legislation necessary, and  
a few democrats and the republican  
minority made a series of unsucces-  
ful attempts to lower them. The only  
time they scored was in lowering  
the salary of the auctioneer engaged  
for selling the school lands from \$1-  
800 to \$1,500 per year and in elimi-  
nating the stenographer position at a  
salary of \$900 from the sales divi-  
sions. The emergency was defeated.

Final passage was obtained in the  
House upon the Iretton bill requiring  
that annual district school meetings  
be held between 2 and 6 p. m. and  
requiring county clerks to furnish  
boards with assessed value of the dis-  
trict property.

The house agricultural committee  
reported on the resolution offered by  
a republican member some time ago  
for investigation of disbursement of  
the \$10,000 appropriated at the regu-  
lar session for relief of cyclone suf-  
ferers in the Panhandle strip, show-  
ing that the disbursement had been  
satisfactory and that the board's ac-  
counts were correct.

The senate passed finally the bill  
by Wortman and Strain for appoint-  
ment of special County Judges in ab-  
sence of the regular; the Ewell and  
Durant bill transferring \$7,500 of the  
1911 appropriation for the Durant  
Normal to the fund for 1910; the Du-  
rant bill appropriating \$7,176.33 to  
reimburse the state game warden for

money advanced by that department,  
and the Cordell-Japp bill appropriat-  
ing \$5,993.74 to cover services of the  
state national guard in the Snake In-  
dian war.

The house passed a concurrent res-  
olution by Mr. Tucker adjourning the  
legislature sine die at noon next  
Wednesday, and which read in the  
senate was laid over until today.

## CONDITIONS SAME IN PHILA

Street Car Men and Employees Get  
Together, But no Change in  
Situation.

Philadelphia, March 15.—The first  
step taken by the Philadelphia Rapid  
Transit company toward settling the  
dispute with its striking employes  
and incidentally the ending of the  
sympathetic strike which has now  
been in progress ten days, was taken  
late today, when President Kruger  
of the Rapid Transit company con-  
ferred with W. D. Mahon, president  
of the Amalgamated Association of  
Street and Electric Railway Employees.  
This conference was the result of  
outside influences, and it is the first  
time officials of the company have  
dealt directly with any national of-  
ficer of the street car men's union.  
After the conference a meeting of  
the company's directors was hastily  
called which was in session until  
a late hour tonight. It was an-  
nounced no statement would be is-  
sued until tomorrow morning.

The conference was held in the of-  
fice of George H. Earle, one of the  
city's representatives on the com-  
pany's board of directors. Mr. Earle  
and a subcommittee of the general  
committee in charge of the sympathe-  
tic strike also were present.

When the conference was ended Mr.  
Earle said no plan of settlement was  
discussed, even tentatively, but the  
difficulty of a settlement was gone  
over. He and Mr. Grueger said the  
company wanted to safe guard its  
loyal men and that there seemed to  
be too many for the positions that  
were vacant.

Mr. Earle insisted no immediate  
settlement was in sight and that no  
change in the situation had been  
made. President Mahon and others  
returned to strike headquarters where  
the reported results of the committee  
of ten.

The willingness of the transit com-  
pany to open negotiations with the  
men was said to have been the re-  
sult of the position taken by mem-  
bers of the stock exchange.

### THE REAL TEST

Of Herpicide Is In Giving It a Thorough Trial.

There is only one test by which to  
judge of the efficiency of any article  
and that is by its ability to do that  
which it is intended to do. Many hair  
vigor may look nice and smell nice,  
but the point is—do they eradicate Dan-  
druff and stop falling hair?

No, they do not, but Herpicide does,  
because it goes to the root of the evil  
and kills the germ that attacks the  
papilla from whence the hair gets its  
life.

Letters from prominent people every-  
where are daily proving that Newbro's  
Herpicide stands the "test of use."  
It is a delightful dressing, clear, pure  
and free from oil or grease.

## BIG DEAL ALMOST MADE BY THE COUNCIL LAST NIGHT

A FELLOW WANTS TO BUY THE OLD CALABOOSE.

City Dads Didn't Know Whether It Was a One-Story or a Two-Story Structure.

The city council last night had a chance to sell the old calaboose Mr Shelton was at the meeting, for the purpose of buying it and moving it to his place but he had not figured how much he could afford to give for it He could look at the shack and tell about what he could give for it but would have to see what it would cost to have it moved before he could make the council an offer Mr Shelton wanted the city fathers to put a price on the building but the mayor said he didn't suppose there was a member of the council that had any idea how much lumber there was in it or how big it was The matter was turned over to a committee of three who have the power to sell the calaboose and in a few days the people of Ada may be startled by the report of a gigantic real estate deal taking place in the vicinity of the old calaboose

## TAFT ATTENDS FUNERAL.

Chief Executive Goes to Pittsburg for Laughlin Obsequies.

Pittsburg, Pa., March 15—President Taft today attended in this city the funeral of Mrs Taft's brother-in-law, Thomas M. K. Laughlin, and left on an early night train for Washington, where he is due to arrive at 8:25 o'clock tomorrow morning

The circumstances of the president's visit to Pittsburg were perhaps the saddest that have ever confronted a chief executive of the United States The tragic ending of Mr Laughlin's life Friday morning, the gloomy day with fitful falls of rain, the silent home on fashionable Woodlawn road the quiet ceremonies and the little procession of carriages, to the Allegheny cemetery where the interment was made, all constituted a picture of mourning deeply impressive

The funeral services were held at the residence at 3 o'clock this afternoon Only the family and the close friends of the Laughlins were present Mrs Taft sent a large wreath of flowers from the White House conservatories Representative and Mrs Nicholas Longworth and friends from various sections of the country sent flowers and messages of sympathy

Following the funeral the president, accompanied by Captain Archibald W Butt, his military aide, went for a long automobile ride through the dismal rain

## WORLD ONE-THIRD CHRISTIAN.

Census of All Peoples of Globe Causes Surprise.

Washington, March 15—In a census of the world recently published by the government statistical bureau at Stuttgart, Dr Zeller, the director, who is one of the most eminent of statisticians estimates that the population of the world is 1,544,510,000 of whom 534,940,000 are Christians, 300,000,000 are Confucians, 214,000,000 are Brahmins, 175,290,000 are Mohammedans, 121,000,000 are Buddhists, 10,860,000 are Jews and the remainder belong to other religious denominations or are pagans

For the United States he accepts the figures of the census of 1908, which show that there are 34,282,543 church members in the United States, an increase of 13,664,236 since the census of 1890 The number of ministers in the United States in 1898 was 111,036 Now it is 165,725, an increase of 64,691, or more than 49 per cent within the eighteen years. There are now 213,049 houses of worship, an increase of 70,416, or a little more than 49 per cent Therefore the net gain of the several denominations in the United States in

eighteen years has been 66 per cent in the number of communicants and 49 per cent in the number of ministers and houses of worship

This does not seem to justify the statement so frequently made that the United States is losing its religion More than one-third of the entire population is enrolled upon the books as communicants of the various religious denominations, and more than one-half the adult population

# STRIKE OF 25,000 FIREMEN ORDERED

PRACTICALLY ALL OF WESTERN  
RAILROADS WILL BE  
AFFECTED.

## DECIDE ON EXACT HOUR TODAY

Railroads Now Say If Necessary They  
Will Appeal to Authorities at  
Washington to Prevent  
Strike.

Chicago, Ill., March 15.—At mid-  
night tonight W. S. Carter, president  
of the Brotherhood of Locomotive  
Firemen and Enginemen, announced  
that a strike of 25,000 firemen on  
practically all the Western railroads  
had been called.

Mr. Carter said the decision to  
strike had been reached at a meet-  
ing of forty-three members of the  
Western Federated board of the  
Brotherhood, each member represent-  
ing a Western railroad.

The exact hour at which the men  
are to walk out, he said, would be  
decided upon today, and every mem-  
ber of the union between Chicago and  
the Pacific coast would then be in-  
formed by telegraph when to quit  
work.

The railroads issued a statement  
declaring to prevent a strike they  
would, if necessary, appeal to the  
authorities at Washington.

"The strike has been called—that  
much is certain," said Mr. Carter. "It

means that not only 25,000 firemen,  
members of our union, will go out,  
but perhaps that many more employees  
will be thrown out in consequence.  
We gave our ultimatum to the rail-  
roads that the men had voted to  
strike and we were prepared to call  
one unless we were granted arbitra-  
tion of all questions in dispute. The  
railroads refused to arbitrate any-  
thing but the wage question.

"At midnight tonight we decided  
it was useless to further parley with  
the railroad managers. We adopted a  
resolution calling a strike. Owing to  
ateness of the hour and in or-  
der that the men would not go out in  
confusion, and not knowing the true  
state of affairs, we agreed to wait  
until tomorrow before telegraphing  
the order."

"Will the men quit work tomor-  
row?" Mr. Carter was asked.

"The men will quit work within  
twenty-four hours after the order is  
issued," he replied.

The controversy which has been  
under discussion for more than six  
weeks involves forty-seven railroads  
operating west, northwest and south-  
west of Chicago and embraces about  
150,000 miles of railroads.

It has previously been stated by  
both sides that if a strike was called  
it would tie up practically every  
freight and passenger train between  
Chicago and the Pacific Coast.

### Points in Dispute.

Points in dispute are:  
Increase in wages demanded, which  
the union officials say would amount  
to about 12 1-2 per cent, but which  
the railroads assert would amount to  
22 1-2 per cent.

The right of the union in questions  
of representation when a fireman has

been promoted to an engineman or to  
another capacity over which another  
union claims jurisdiction.

Question of seniority of the pro-  
motion of new men over old-time em-  
ployees.

The railroad managers' committee,  
composed of ten of the general man-  
agers of Western roads and headed by  
W. C. Nixon, general manager of the  
St. Paul and San Francisco rail-  
road, already had agreed to submit  
the wage question to arbitration un-  
der the Erdman act, but had declin-  
ed to arbitrate the other two points  
in the ground that they were matters  
of official authority and discipline  
and could not be arbitrated.

To this attitude the union officials  
on Sunday sent what they called an  
"ultimatum," declaring that if all  
three points were not submitted to  
settlement by arbitration, a strike  
would be inevitable.

### CUPID IN CENTRAL OFFICES.

Very Few Telephone Operators Re-  
main Single Long.

Cordia, Kas., March 15.—Did you  
ever stop to think that a telephone  
girl does not remain single many  
months? As an advocate of Dan Cup-  
id the central office holds the prize  
and dozens of weddings have resulted  
from the ranks of the Concordia tel-  
ephone girls, says the Concordia  
Blade. Evidently the central girl  
makes a good wife, and who shall  
say whether the charm lies in her  
low, sweet voice, or with the patience  
she acquires with experience in any  
central office.

Certain it is that the telephone girl  
could get along with the meanest  
man who ever lived, in fact, she gets  
along with all the meanest men while  
at work in the exchange. But the  
men are not the mean ones when it  
comes to telephoning. There the wo-  
men are to blame and to the credit  
of the men, it can be said that the  
experienced girls get the business  
boards, while the new girls get the  
visiting boards, which are very un-  
pleasant to handle.

Concordia has an exchange with 1-  
200 subscribers and the 15 young la-  
dies who handle the business do it  
in a prompt and quiet manner. Any  
fair minded patron will acknowledge  
this. It's a queer fact, but the pub-  
lic will wait for half or three-quar-  
ters of an hour in a store for a  
clerk to wait on them, but two sec-  
onds to wait for central to answer  
them is a century. And the clerk  
waits upon one customer at a time  
while the central girls have 40 or 50  
to wait on at one time.

There are always applicants for  
positions in the telephone office for  
the work, while trying is not dis-  
agreeable, and when a girl reaches  
the top she is able to command good  
wages, without the expense and pre-  
liminary of bookkeepers. The begin-  
ners have the worst hours, and much  
of the night work and all the girls  
have some Sunday work. The people  
may say that the central girls ought  
to have Sunday for resting, but ev-  
erybody wants to use their phones  
on Sunday, even the preachers.

One girl in the Concordia exchange  
sits up all night and while the rush  
is over before the other girls leave  
the board, she is comparatively busy  
all night, and the rush work begins  
as early as 4 o'clock in the morn-  
ing. The farmers are the greatest  
talkers and do most of their talking  
between 4 and 6 in the morning, be-  
fore going to the field. The girls who  
attend to the farm lines is always  
kept busy at this time and later the  
town people begin their ordering for  
the day and the steady work is on  
until along in the afternoon, when  
there is a lull only to be followed by  
a mad rush between 5 and 7.

The women are the most inconsid-  
erate patrons of the telephone. They  
often use the telephone for visiting  
and two Concordia women who call  
each other every day, often talk for  
40 minutes without stopping. The  
business board, while hard to work,  
is considered the best board to  
handle and very seldom do the girls  
have trouble with the business men.

### MITCHELL FAVORS APPEAL.

Thinks Right Denied Union Labor in  
Recent Appeal.

New York, March 15.—John Mitch-  
ell, former president of the United  
Mine Workers of America, is in fa-  
vor of an appeal to the Supreme  
Court in the matter of the perma-  
nent injunction granted to the Hitch-  
man Coal and Coke company of West  
Virginia. Speaking of the case last  
night, he said:

"That certainly is the most far-  
reaching decision yet handed down  
against labor. It is an old case and  
the temporary injunction formerly  
ran against me when I was president.  
Now I see it is made permanent  
against President Lewis, my suc-  
cessor.

"Decisions like this are provoking,  
of course, and throw some light on  
the things which make it difficult for  
union labor men to seem always con-  
servative and calm and conciliatory  
in their actions. It attacks the right

to peaceful picketing and that right  
we believe well established in law.  
The appeal will be taken principally  
to demonstrate this point."

### MAKES WORK EASIER.

How It Is Done.

It's pretty hard to attend to duties  
with a constantly aching back;  
With annoying urinary disorders.  
Doan's Kidney Pills make work  
easier.

They cure backache.  
They cure every kidney ill.  
Charles Luther, Main St., Sulphur,  
Okla., says: "I can certainly recom-  
mend Doan's Kidney Pills, as I have  
used them with good results. Dur-  
ing the past fifteen years my work  
obliged me to be on my feet the  
greater part of the time, and this  
strain finally weakened my kidneys.  
About a year ago I suffered from a  
constant, dull ache in my kidneys  
and loins, could not sleep well and  
was very nervous.

As I had often heard Doan's Kid-  
ney Pills highly spoken of, I decided  
to give them a trial and procured  
a box. The relief I received from  
their use within a week was re-  
markable and the contents of several  
boxes restored me to good health.  
Doan's Kidney Pills did more for  
me than I expected, and I have since  
felt better in every way."

### Cause of Eczema Explained.

After years of debate medical au-  
thorities are now agreed that Eczema  
and other skin diseases are not seated  
in the blood, but are caused by  
myriads of microscopic animals  
gnawing the flesh just below the  
epidermis. The patient is perfectly  
healthy, it is only the skin that is  
diseased.

Hence, scientists are now agreed  
that you must cure the skin through  
the skin. The medicine must be in  
liquid form in order to penetrate  
properly. And we can say with con-  
fidence that we have the true rem-  
edy for Eczema in our store.

The instant you wash with this  
soothing liquid you will find the itch  
relieved. We positively assure you  
of this. Will you try a bottle (at
